## FOREWORD

This report provides data on persons employed in the Accommodation and Food Service Activities Industry in New Providence. The report contains information on occupation, sex; average hours worked and average basic wages per week for the year 2014. The information provided in the document was obtained from an administrative data source of leading Accommodation and Food Service Activities establishments which account for approximately fifty percent (50%) of total employment in these establishments operating in New Providence in 2014. Though limited in this respect, the results do provide valuable information on occupations, average basic wages (not including mandatory and other gratuities for tip category workers) and average hours worked in the Accommodation and Food Service Activities sector.

This report, previously named the **‘Occupations & Wages Report in the Hotel Industry’**, was renamed in 2011 to **‘Occupations & Wages in the Accommodation and Food Service Activities Industry** to comply with revised industrial classification outlined in the International Industrial Classification of All Economic Activities (ISIC 2008). Up to 2012, this report provided data for All Bahamas, New Providence and Grand Bahama and The Family Islands. However, this 2014 report provides data only for New Providence. The Department of Statistics wishes to acknowledge the valuable cooperation and assistance of participating agencies such as the Department of Labour, The Bahamas Hotel Employers’ Association (BHEA) and the Bahamas Hotel Catering & Allied Workers Union (BHC & AWU).

This report was prepared by Carmen Dawkins, Deputy Director, Leona Wilson, Deputy Director and the staff of the Labour Market Information Unit. We gratefully acknowledge the assistance of the web administrator responsible for mounting it on the department’s web-site.

Kelsie Dorsett  
Director  
Department of Statistics

Table 3	Employed Persons in the Accommodation And Food Service Activities Industry By Occupational Group, Sex, Actual and Percentage Change in Average Wage per Week - New Providence: 2014 & 2013	3
Table 4	Employed Persons in the Accommodation And Food Service Activities Industry by Occupation, Sex, Average Hours Worked and Average Wage per Week – New Providence: 2014	4-9

## **DATA HIGHLIGHTS**

**In 2014 the number of workers in the Accommodation and Food Service Activities Industry in New Providence decreased by 1%. This relatively small decline in the number of workers had no negative effect on the average weekly wage which rose by 14% mainly due to longer average hours worked. In 2013 the total average hours worked was 39, but in 2014 it was 40.**

**The data for 2014 show that for males, the overall average weekly wage increased by \$64 over 2013. The average weekly wage increased in all the occupational groups, except in Plant and Machine Operators and Assemblers which fell by 4% in 2014.**

**For females, increased average wage occurred in all the occupational groups. The increases ranged from \$218 in the Managers group to \$8 in the Plant and Machine Operators and Assemblers and the Elementary occupations category.**

**Managers and Professionals, Science and Engineering Professionals earned the highest average weekly wage of \$827 and \$683 respectively per week, which was \$312 and \$138 higher than the average in 2013. In 2014 the lowest average weekly wage, \$233, was earned in the Elementary Occupational Group.**

**Within the Industry both males and females worked an average of 40 hours per week.**

**Service and Sales Workers was the largest occupational group, accounting for 36% of all workers in 2014.**
